COMPANY PROFILE

INSTRUMENT
MECHANICAL
ELECTRICAL

AND INDUSTRIAL SUPPLY

INTRODUCTION

PT. Maslim Pratama was established in Bekasi, started as a trading company Indonesia with just one Salesman and one Engineer . Today, we are a team of highly trained, motivated engineers & technicians and sales professionals actively serving the modern industries demand. Following with the market need, the company grew from trading business to also include complete engineering and services. We have some experiences of supplying products in varies kind of industries, such as Oil & Gas, Power Generation, Pulp & Paper, Laboratorium & Pharmaceutical, Food & Beverage, Petrochemical, Automotive, Telecommunication and Industries etc.

Our company is fully committed to assist customer in all phases of Process Control,Instrumentation, Electrical & Mechanical from planning stages through engineering, project management, product & system integration, site supervision and after sales support.

Vision

Committed to provide the best quality service to the customer, in terms of providing best quality products & services with competitive prices and after sales services.

Mission

We are constantly challenging ourselves in professionalism, productivity and technical competence to achieve total customer satisfaction and become the preferred supplier as well as leading vendor of choice.

A black and white photograph of a construction site. In the foreground, a worker wearing a hard hat and safety vest is looking down. In the background, a large building is under construction with a complex steel framework. A small utility vehicle is parked near the building. The image is overlaid with a teal and purple geometric design on the right side.

OBJECTIVES

It is our believe and experience that there is no short cut to success. Success is a product of commitment to our clients' requirement, gaining and maintaining their trust in our ability to deliver. With this in mind, the following objectives were set:

- To be a successful trading, maintenance and engineering company to various industries
- Focus is in the innovative technology-driven solutions and creating different experience
- To meet and exceed our customers' needs for products and service
- To be a vital marketing/engineering support company for our principals
- To maintain and grow our customer base
- Responsive and committed service
- Reliable and high quality products
- To seek and represent products to compliment our present range

WE PROVIDES

- Supply and design electronic with microcontroller basic.
- Installation supervision and commissioning
- Field service for metering systems
- Validation, Calibration, and Certification of Custody Metering Systems both liquid and gas
- Calibration Flow Measurement of various type
- HMI engineering and design
- HVAC system
- Laboratorium & Bioteknologi Molukuler Services
- Electrical System (System Grounding etc) Design Drawing
- Supply and design process automation & instrumentation

INSTRUMENT, MECHANICAL AND CONTROL SYSTEM

Our ready experts will guide you every step of the way to a perfect instrumentation and process control :

- Supply & Design Metering System
- Calibration Turbine Meter of various type, Pressure & Temperature Transmitter or System Metering Package.
- Dimet & Migas Certification.
- Design, installation and calculation HVAC.
- Building Controller.
- Pressing & Casting Engineering.

Supply for tools accessoris at Telecommunication and Power Plant (such as; Suspension FO, Suspension Clamp, Polestrap Y, Polestrap A, Strain Clamp, Bracket, Link, Clamp Gantung, Guide Ring, Klem Bukle, Segitiga Bracket, Stopping Buckle, Sleeck Support, Strain Hook, Socket Bolt, Strain Clamp and Cross Arm, etc.)

- Supply various valve (ball valve, check valve, gate valve, globe valve, dbb valve, safety valve etc)

LABORATORIUM BIOTEKNOLOGI & MOLEKULER

- Service for PCR Lcycler
- Service for UTM Tokyo Testing Machine AC200P, Los Angeles Testing Machine Tanifuji TC520, Oven Laboratorium Tanifuji, UTM Tokyo Testing Machine BC100B
- Service for Sentrifuge
- Freon Filling and Welding Charge
- PCB Controller, MJ Mini
- Service for Sentrifuge
- Regulator CO2 Morris

EXPERIENCES

ELECTRONIC SYSTEM, BULK & HANDLING MATERIAL

Our capabilities spans to provide you comprehensive electronic systems, bulk & handling material

- Cable Gland NPT & Metric
- Heat Shrink Busbar, Adhesive & end cap
- Tubing & Fitting
- Copper & Bimetal Lug
- Vinyl Wire Cable Lug
- Termination Indoor Outdoor 20 KV
- Cable Accesories

INSTRUMENT, MECHANICAL AND CONTROL SYSTEM

Our ready experts will guide you every step of the way to a perfect instrumentation and process control :

- Calibration Turbine Meter of various type, Pressure & Temperature Transmitter or System Metering Package.
- Dimet & Migas Certification.
- Design, installation and calculation HVAC.
- Building Controller.
- Pressing & Casting Engineering.
- Supply for tools accessoris at Telecommunication and Power Plant (such as; Suspention FO, Suspention Clamp, Polestrap Y, Polestrap A, Strain Clamp, Bracket, Link, Clamp Gantung, Guide Ring, Klem Bukle, Segitiga Bracket, Stopping Buckle, Sleeck Support, Strain Hook, Socket Bolt, Strain Clamp and Cross Arm, etc.)

LABORATORIUM BIOTEKNOLOGI & MOLEKULER

- Service for PCR Lcycler
- Service for UTM Tokyo Testing Machine AC200P, Los Angeles Testing Machine Tanifuji TC520, Oven Laboratorium Tanifuji, UTM Tokyo Testing Machine BC100B
- Service for Sentrifuge
- Freon Filling and Welding Charge
- PCB Controller, MJ Mini
- Service for Sentrifuge
- Regulator CO2 Morris
